Coachmen

for more family fun

D12-103

Travel Trailers
Truck Campers

Welcome to the Wonderful World of Coachmen

Adventure and unparalleled pleasure await you as the owner of a new Coachmen travel trailer. If you are currently a member of the trailering set, we hope you will soon join the thousands of owners who claim, "Our Coachmen is the best trailer we've ever had." If you are a newcomer thinking about buying your first travel trailer, you'll find (again quoting current Coachmen owners), "Dollar for dollar, you can't beat a Coachmen."

Regardless of the model you choose, you'll get the same Coachmen quality — backed by a full warranty on workmanship.

YOU'LL GET . . .

Sophisticated Body Styling — so smart you'll be an object of envy wherever you travel.

Maintenance-free Exteriors — metalled with prefinished heavy-duty aluminum, crimped to resist effects of temperature change.

Clamtight Construction — to provide full protection from inclement weather and unwelcome animals.

Full Insulation with Silvercote Fiberglass — to keep you warm in the winter and cool in the summer. Ceilings are double-insulated with both foil and fiberglass.

Carefree Interiors — including washable Pearlite ceilings and rustic hardwood panelling, scratchproof counter and table tops of Textolite by G.E., and scuff-resistant Congoleum-Nairn cushion vinyl floors.

Color-Coordinated Decors — blending drapes, cushions and all interior appointments to satisfy the most discriminating eye.

Ingenuous Use of Space — providing maximum storage space plus plenty of room for living.

Custom Cabinetry — made distinctive with toned birch. Drawers glide on rollers and won't jar loose over the toughest terrain.

Home-type Sleeping and Lounging Comfort — on king-size reversible foam cushions.

Generous Window Space — to assure maximum ventilation and a panoramic view of the outdoors.

Safe, Dependable Equipment — from namebrand manufacturers only . . . because "good times" should not be hampered by inefficient appliances and fixtures.

Truly Outstanding Roadability — All Coachmen Campers are researched and designed to give you total enjoyment and best overall performance. They are built by experienced craftsmen to offer you many years of low-cost luxury in leisure-time living.

TRUCK CAMPERS AND COVERS

If you like truck camping and traveling, you'll love the handsome exteriors and luxurious interiors of Coachmen truck-mounted campers. Choose from several models between 8 and 11 feet and three all-aluminum sports covers . . . any one a great road companion. **See your dealer for Coachmen's truck camper brochure or write directly to Coachmen Industries.**

THE COACHMEN CARAVAN

As the owner of a Coachmen travel trailer or truck camper, you are eligible for membership in Coachmen's national travel club — the Coachmen Caravan. This club exists solely to further your enjoyment as a Coachmen owner through national and local rallies and trips and all the good times and lasting friendships that come with them. **For further information about the club, write Coachmen Industries, Inc., Box 379, Middlebury, Ind. 46540.**

OPTIONAL EQUIPMENT — "Middy "400" only — heater with thermostat • 3-burner range with oven (exchange) • 2.8-cubic foot gas and electric refrigerator • shower and water heater • pressure water system • power sidewall vent

Unique U-shaped front kitchen in the 18-foot Coachmen Carousel is just one example of Coachmen ingenuity. This arrangement doubles cabinet and counter space, separates the kitchen from other areas and maintains convenient access to the dinette.

Rear door entrance (not visible) gives the 17 and 19-foot Coachmen Crusader models an "open" feeling and provides more room which can be utilized for closets, cabinets and drawers. Large corner bathroom (behind mirrored door) houses much-sought-after separated stool, lavatory and shower areas.

Warranty

Coachmen Industries, Inc., guarantees each of its coaches to the original owner. This is an unconditional guarantee covering all workmanship and materials except items such as appliances, etc., which are covered by the respective manufacturer's own guarantee. This guarantee assures you of carefree travel and enjoyment. Don't be satisfied with anything less.

Coachmen recreational vehicles are sold by competent dealers who are franchised only after careful consideration of their business reputation within their communities. This assures you prompt, reliable service in the event service is needed and provides you with an effective channel of communication with the manufacturer. You can place your confidence in Coachmen dealers.
